

STAINLESS STEEL COMPONENTS, TUBE AND PIPE FITTINGS

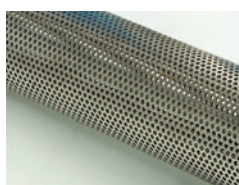

Axiom Process is a key supplier of hygienic stainless steel fabrications, systems, tube and pipe fittings to the process industries and is continually evolving its range of products and services in line with customer demand.

- FILTERS
- TUBE & PIPE FITTINGS
- VALVES
- MANWAYS
- SAMPLE VALVES
- FDA APPROVED SEALS
- SPRAYBALLS
- SIGHTGLASSES
- FLEXIBLE HOSES

FILTERS STANDARD, COMPACT, ECONOMY, HIGH CAPACITY, DUPLEX, JACKETED

Pure-screen wedge-wire

Econ perforated sheet

Fine-screen sintered mesh

Jacketed

Duplex

Stand alone filter options

Comprehensive filter range

Bespoke triplex system

Straight through

90° compact

TUBE & PIPE FITTINGS CLAMP (INCLUDING ASME BPE), RJT, DIN, IDF, SMS, BSP, FLANGED, PLAIN ENDED

Special bends and tees

Ferrules

Tees

Reducers

Bends

Clamp fittings

RJT fittings

DIN fittings

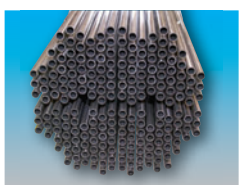

IDF fittings

SMS fittings

ASME tube fittings

Tube and pipe

Jacketed pipework

Pipe and saddle clips

Flanges

VALVES BALL, BUTTERFLY, NON-RETURN, PRESSURE RELIEF

Ball

Butterfly

Non-return

Pressure relief

Valve customisation

MANWAYS SWIVEL LEVER, CIRCULAR, RECTANGULAR, OVAL, LOW RETENTION

Swivel lever

Circular
High pressure options available

Rectangular

Oval
High pressure options available

Low retention

SAMPLE VALVES SINGLE AND DOUBLE PORTS, 4MM AND 8MM ENTRY, CLAMP AND PLAIN-ENDED

Plain end single port 8mm

Clamp end double port

Plain end single port 4mm

3/4" simple sample valve

Colour coded handles

FDA APPROVED SEALS PTFE, NITRILE, EPDM, SILICONE, VITON®

PTFE & Encapsulated PTFE

Nitrile or Buna

EPDM

Silicone

Viton®

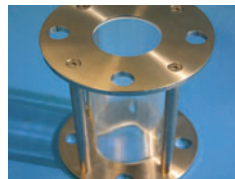

SPRAYBALLS

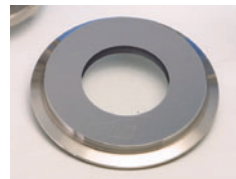

180° upward & downward, 360°

Sprayball lances

Tubular

Clamp blank

PTFE lined and silicone rubber hoses

SIGHTGLASSES

FLEXIBLE HOSES

STAINLESS STEEL FABRICATION

We specialise in design and customised fabrication, delivering engineering solutions that meet the needs of our customers.

OUR IN-HOUSE PROCESSES INCLUDE:

- MACHINING
- ORBITAL, SPOT AND MANUAL WELDING
- FABRICATION AND POLISHING
- SURFACE FINISH, PICKLING, PASSIVATION, FERROXYL, PRESSURE AND DYE PENETRANT TESTING
- QUALIFICATION TO THE HIGHEST LEVELS
