

Vacancy – Skilled CNC Machinist/Programmer

Axiom Process specialises in the fabrication and supply of stainless steel pipework and membrane separation systems, for the pharmaceutical, food and beverage, dairy, chemical, cosmetic and toiletries industries. Currently employing around 60 personnel and manufacturing from a 30,000 ft² facility based on the Hendy Industrial Estate, Swansea. This is an exciting opportunity to be part of a growing organisation with the objective to be number one in its market.

Key Responsibilities / Skills:

- Ability to use and read engineering drawings and all precision measuring tools.
- Experience in all turning, boring surfacing, threading, drilling and some milling operations.
- Ability to use and knowledge of holding devices, fixtures, clamping, place and secure parts.
- Ability to maintain accuracy to required tolerances, drawings, and specifications.
- CNC Programming experience.
- Ability to select correct tools for the application.
- Must adhere to good safety practice consistently.
- Self-motivated and able to work with minimum supervision.
- Good communication skills.
