

Vacancy – Quality Assistant

Axiom Process specialises in the fabrication and supply of stainless steel pipework and membrane separation systems, for the pharmaceutical, food and beverage, dairy, chemical, cosmetic and toiletries industries. Currently employing around 64 personnel and manufacturing from a 30,000 ft² facility based on the Hendy Industrial Estate, Swansea. This is an exciting opportunity to be part of a growing organisation with the objective to be number one in its market.

Key Responsibilities / Skills:

- Inspect finished parts before despatch – checks include dimensions, defects, surface finish.
- Carry out in-process stage inspections on manufactured items,
- Check goods in against purchase orders and engineering drawing,
- As required carry out first article inspections for aerospace parts,
- Record rejects in accordance with an internal quality process.

Other skills

- Hydrostatic pressure testing experience would be an advantage,
- Any welding and surface finishing experience would be an advantage,
- Good verbal and written communication are essential,
- General computer experience is essential.
